

COMPANY PROFILE

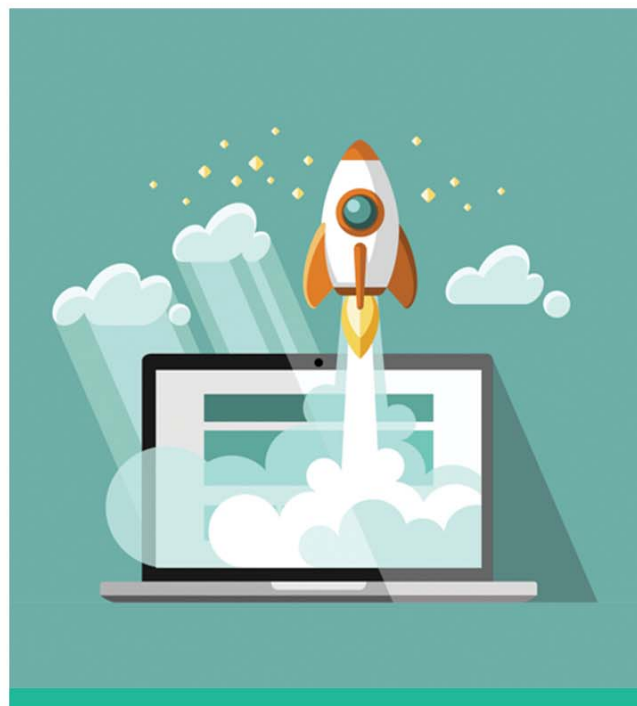

Cloud Software Development and Digital Marketing

ZonkeTech (Pty) Ltd is a software development and digital marketing company, with a national foot-print in South Africa.

Encapsulating a broad spectrum of digital solutions, we are able to create the best solution to fit your business requirements.

We believe that nothing is impossible and it is those difficult “I don’t think it’s possible” projects that drives the passion and enthusiasm of our team members to get the job done timeously and effectively.

YOUR BUSINESS NEEDS

We encompass the vision and insights of the client to produce customised digital solutions that are cost saving and profitable. ZonkeTech (Pty) Ltd strives to integrate the everyday business with high-performance digital solutions.

OUR OBJECTIVE

Our main objective is to improve business productivity at an affordable rate. By implementing efficient, user friendly and cost effective digital business solutions, we are able to achieve those objectives.

OUR GREAT SERVICES!

Based on the rich understanding of our client's digital challenges, we can developed a range of customised solutions to meet their needs. Our offerings include:

SOFTWARE DEVELOPMENT

ZonkeTech (Pty) Ltd offers innovative software solutions tailored to the specific needs of your business.

DIGITAL MARKETING

Our digital marketing services range from pay-per-click advertising (PPC), search engine optimisation, (SEO) and analytics.

CLOUD SOLUTIONS

Our cloud solutions include cloud based CRM solutions, capturing and exporting large amounts of processed data. We can basically build anything in the cloud.

WEB CREATIONS

ZonkeTech (PTY) LTD offers strategic web design that is not only user friendly but also helps you close deals. We believe in creating websites that are effective rather than just a pretty face.

ZonkeTech (Pty) Ltd has a track record of reliable service delivery, ensuring that your business receives a premier service and product that is both effective and affordable.

OUR MESSAGE

At ZonkeTech (Pty) Ltd our strong point is problem solving. That is why we offer our clients high-performance digital solutions with ease of use.

OUR PROCESS

Using a continuous delivery approach, we can design, implement and deploy solutions that are based on measurable business value, while maintaining transparency around project costs and timelines.

CUSTOMISED SOLUTIONS

01 | Building digital solutions to suit your business needs and budget.

02 | We can create and customise almost anything your business needs in the cloud.

03 | Continuous delivery is what your business needs and one of our specialities.

CREATING MAGIC

At ZonkeTech, we are constantly streamlining our existing products and developing new ones. If you have an idea to improve your daily business operations, pop us a mail, and we can make digital magic.
